FIELD DAY

Just a reminder to all club members that Field Day is this weekend and our club is conducting Field Day activities on Lowndes Hill behind the YMCA Building.

Volunteers will be needed Friday evening around 5 PM to put up antennas and set up shelters. On Saturday the official start time is 2 PM but we should be on the site well before that to get things ready. A lot of muscle will again be needed on Sunday to pack up.

I hope everyone read the article about our club and Field Day in *The Clarksburg Exponent Telegram* this past Tuesday. A lot of credit to K8TPH, Dick Wilt for writing the article and getting it in the paper.

ARRL VE TESTING SESSION

As posted earlier the club is conducting an ARRL Testing session at 1 PM at the Field Day site.

NET CONTROLS

June 29 th	K8TPH	Dick Wilt
July 6 th	KC8KXI	Jamie Higgenbotham
July 13 th	K8WWW	Bill Williams
July 20 th	WD8NSC	Dave Morris
